

BALTIC VALUATION CONFERENCE 2010

Hanseatic city Rostock, Germany, September 16th to 18th, 2010

INVITATION

Dear friends and colleagues,

the German valuers' associations hereby invite you to the Hanseatic city of Rostock to attend the Baltic Valuation Conference (BVC) 2010, 16th-18th September.

The team preparing and coordinating the conference came to the conclusion that there are two topics of high and international meaning for valuers:

- **Changes in rural and urban areas and their impact on valuation** which covers demographic changes and moving of population as well as planning laws and rural and urban development
- **Qualification and certification of valuers – how to secure high quality of experts.**

The Hanseatic city of Rostock is situated on the border of the Baltic Sea and provides the flair of history as well as the charms of a university town. Moreover it can be reached fairly well from all directions which hopefully encourages a lot of valuers to join the conference.

Welcome to the reception of the Baltic Valuation Conference on September the 16th in the Hausbaumhaus, Wokrenterstrasse 40, D-18055 Rostock at 7 o'clock pm.

The conference itself will take place in the historic town hall of Rostock, Neuer Markt 1, D-18055 Rostock on Friday, September 17th, 2010. Check-in time: 8.30 o'clock a.m., conference: 9.00 o'clock a.m. until 5.00 o'clock p.m. Conference dinner: 7.00 o'clock p.m. (location will be announced later).

On Saturday, September 18th, 2010, there will be a guided tour through the town of Rostock, touching the areas where the administration of Rostock was urged to do intense town planning and re-structuring, but as well an impression of the beauty of this old town will be given to the participants.

We are convinced that the conference again covers interesting topics and the organizing committee will do its best to make you enjoy the conference.

On behalf of all associations involved, I welcome you all to Rostock, Germany.

Bernhard Bischoff

Chairman of the Organizing committee

öffentlich bestellter und vereidigter
sowie qualifizierter Sachverständiger e.V.

CONFERENCE TOPICS AND PAPERS

Changes in rural and urban areas and their impact on valuation which covers demographic changes and moving of population as well as planning laws and rural and urban development

Qualification and certification of valuers – how to secure high quality of experts

We invite you to contribute papers dealing with

1. Demographic changes and moving of population – what effect do they have on the property market?
2. Demographic changes and moving of population – how do they affect planning laws, town-planning and infrastructure and what do valuers have to considerate?
3. Qualification and certification – common and regulatory requirements and national efforts to secure high quality.

Please send your abstracts and papers to:

BVS, Charlottenstrasse 79/80, D-10117 Berlin

bvc2010@bvs-ev.de

Abstracts and full papers are to be submitted in English.

For any queries please contact a member or the organizing committee.
