

(the world is flat)*

* Communication is now global and each new technological advance makes the world smaller and more inter-connected.

Do you have the education, contacts and connections needed to assist clients with their international valuation needs? The International Appraisal Congress is the conference you can't afford to miss!

- Network with international clients and associates
- Gain fresh perspectives on different cultures, laws and points of view that affect our global marketplace
- Combine attendance at Regional meetings, national programs and international activities into one convenient package
- Come away with the tools you need to be successful in today's global markets
- Increase your knowledge of international practice, theory and business building
